

What is LOHP?

We are a community charity looking after over 190 acres (76 hectares) of scarce habitats for wildlife and people, at the head of the Little Ouse Valley. Located on the Norfolk/Suffolk border, covering villages from Garboldisham to Redgrave.

What we do...

- Manage and restore habitats
- Volunteering (something for everyone)
- Improving access
- Wildlife conservation
- Community events
- And much more

Ways to get involved...

- Volunteer
- Become a member
- Donate
- Sponsor an Acre

Join us to enjoy the experience of caring for our wildlife and our special places

How to find us...

Location: LOHP, Thelnetham Windmill, Mill Road, Thelnetham, Diss, Suffolk, IP22 1JS

Access: Our sites are open all year round. Cattle and sheep graze many of them, access is still permitted while animals are grazing (Scarfe Meadows may be closed if the bull is grazing – signs will be displayed).

Please park sensibly on local roads.

Dogs are welcome, but we ask that they are kept on a lead and under close control when on sites with grazing animals and during the bird breeding season (April to end of August).

During the winter wellies are recommended as paths can be muddy, some sites can also become inaccessible due to flooding.

Little Ouse
Headwaters
Project

Conservation & Community

Discover the Little Ouse Headwaters

Explore the miles of footpaths and special wetlands

Discover habitats with species including Water Voles and Orchids

Volunteer with us to help protect these important places

More than 90 species of birds have been seen

Supported by Countryside/ Environmental Stewardship, part of the Rural Development Programme for England (RDPE).

Join us to care for and share the really special places near you

Explore the Little Ouse Walks

Enjoy beautiful walks through extraordinary scenery – wetlands, grasslands, heathlands and woodlands.

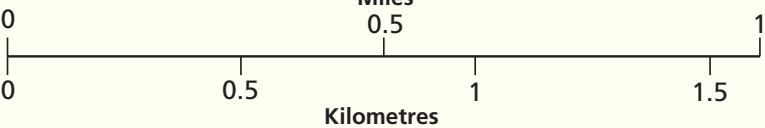

Join us on guided walks, events and volunteering to learn more about these special places and species.

Experience wildlife encounters with Kingfishers, Water Voles, even Otters.

Look out for the 'Little Ouse Walks' waymarkers that show the paths.
